**Subject:** Rosemont update

After a week of phone tag, I finally caught up with Coronado National Forest Supervisory Kerwin Dewberry. Here's what I learned:

## Deliberative Process / Ex. 5

~~The fact that Forest Service's actual action... authorization of the MPO... will likely not happen until several months after.~~

## Deliberative Process / Ex. 5

"Since EPA has authority under Section 309 of the Clean Air Act to refer proposed regulations and major Federal actions for which no EIS has been prepared, the intent of the 25-day deadline is incorporated in the procedures of this section by requiring all EPA referrals to be made no later than 5 days before the end of the comment period ***or, in any case, 5 days before the final action takes place***".

Forest Service's "final action" would be authorization of the MPO.
